Weeks - Glass Wedding Event Of September 2

Miss Glenda Weeks, daughter of Mr. and Mrs. Thomas Weeks, and Mr. Jim Glass, son of Rev. and Mrs. Albert Glass, were united in marriage Friday evening, September 2nd, at 6:30 p.m. in the Assembly of God Church, Reverend Glass, father of the groom, performed the double ring ceremony.

Mrs. Marcus Ramer, of Enterprise, organist, played the wedding music with Miss Joan Glass, sister of the groom, as soloist, singing "Wither Thou Goest," and "The Lord's Prayer."

The bride, given in marriage by her father, wore a white satin gown with a

Mr. and Mrs. Ray Free and family, of La Crosse, Louisiana, spent the weekend with Mr. and Mrs. M. C. Free.

Mr. and Mrs. Jim Balkum and children, who recently moved to Louisiana, spent the weekend with Mr. and Mrs. Jewel Smith.

Mr. and Mrs. Joseph Saunders and Pat spent Sunday in Birmingham with

Various courts have been roundly criticized for recent decisions which some reviewers say reflect an unjustified and unprecedented concern for the lawbreaker; for illogical, shortsighted judicial policies which in effect legislate new laws to the detriment of society. They have been charged with handcuffing law enforcement by requiring impossible procedures which, it is said, will insure the release of the guilty while destroying the morale of the officer.

In reply, some critics of police declare that unless we have tight, restrictive control of law enforcement, police lawlessness will result. The extremes of both views tend to cloud the fact that the police and the courts should have a common objective: to develop and maintain a system of administering criminal justice which is fair, impartial, and effective. All will agree that this is an exceedingly difficult and complex task. There is little to be gained from just shouting

protests and criticisms, but there is much to be gained from throwing our full resources and energies into training a professional law enforcement corps to be effective in the framework of current rules and law and evidence.

We, as citizens, expect the business and technical segments of our society to keep abreast of the latest developments in their respective areas and to conduct research to foster progress. Our courts, dedicated to the preservation of America's basic freedoms, certainly cannot exempt itself from a similar demand from other citizens. A continuing comprehensive research and training program, with a conscientious application of the knowledge gained, is the key to properly discharging our responsibilities to the people and the Nation.

Increased professional police training is no longer a desirable goal, no longer a matter of choice for United States law enforcement. It is an absolute necessity.

The Saga Of Shoes

From the first crude footwear fashioned by primitive man out of leaves, bark and animal skins, to the tremendous variety of mass-produced shoes on the market today, thousands of years have gone into the development of the shoe.

During this time, man continually has sought to perfect the utility of footwear, and more significant, to satisfy the requirements of his sense of fashion.

Even in ancient times, fashion was of great importance. Shoemaking became more intricate through the use of new materials, the emphasis placed on fashion was further enhanced.

While fashion certainly has been the prime mover in the evolution of the shoe, fancy footwear was not the only shoe. The masses wore shoes designed more for function than for style.

Until slightly more than a 100 years ago, and techniques of ancient shoemakers remained little changed down through the ages. Then in 1858, an American named Lyman Blake invented a machine that could stitch soles and uppers together. Patented two years later, this machine revolutionized the industry, enabling shoes to be mass-produced.

Blake's invention resulted in bringing fashionable styles within the reach of everybody's budget. Today, manufacturers produce a wide variety of shoes in great quantities that fit better, last longer, and are designed to coordinate with and complement the current trends in men's apparel.

...about your Social Security

Every month, 120,000 Americans reach the age of 65. The soon-to-be 65's are asking these days, "When is the best time for me to sign up for Medicare?"

The answer, according to Mr. Harry N. Scott, social security district manager in Dothan, is that they should sign up before they reach 65.

If they wait until the month they reach 65 or the following three months, their hospital insurance protection under Medicare may begin right away, but their coverage under the voluntary doctor bill insurance cannot start until one to three months after they sign up for it.

Mr. Scott explained that the Medicare law provides a seven-month initial enrollment period for the voluntary doctor bill insurance part of the program. This period begins with the third month before a person is 65, includes the month in which he reaches 65, and ends with the third month thereafter.

"The best time to enroll," Mr. Scott said, "is in one of the three months before you reach 65. If you do so, your protection can start with the month of your 65th birthday. Waiting until that month to sign up will mean the coverage can't start until the following month. And enrollment in one of three months after the month you are 65 means a delay of up to three months in the start of your protection."

He further explained that failure to sign up during the seven-month initial enrollment period may mean that the individual will have to wait until the next general enrollment period. This is always the last three months of odd-numbered years. But even then, the older person will have to wait until the following July for the protection to start, and the premium payments will be 10 percent higher.

"This matter of a delayed start in protection could have serious consequences if the individual had high medical expenses meanwhile," he pointed out. The voluntary medical insurance part of Medicare covers doctor bills for home, office, and hospital visits, surgeons' fees, and a wide variety of other medical expenses in and out of the hospital.

"Hospital insurance coverage begins with the month a person reaches 65, providing he applies to establish his eligibility no later than 12 months following that month," Mr. Scott

said. "Like social security cash benefits, hospital insurance payments are retroactive for up to 12 months. There is no such retroactive payment under the medical insurance part of Medicare, however."

For people who were 65 or over before March 1, 1966, the Medicare law set a general enrollment period that began September 1, 1965, and ended May 31, 1966, during which they could sign up for the voluntary doctor bill insurance.

Mr. Scott explained that the Medicare law provides a seven-month initial enrollment period for the voluntary doctor bill insurance part of the program. This period begins with the third month before a person is 65, includes the month in which he reaches 65, and ends with the third month thereafter.

VOLUME 69

ELBA, ALABAMA, THURSDAY, SEPTEMBER 15, 1966

NUMBER 8

New Grocery Store Planned For Elba

Elba City officials announced this week that efforts by local citizens to secure additional businesses and employment in Elba has resulted in the announcement by Big Bear Supermarkets, a retail grocery chain with head-

Jim Martin

Promises To

Surprise People

Gubernatorial candidate Jim Martin recently said he will hold a press conference in Montgomery September 19 to make an announcement of "major consequences to the people of Alabama."

"I believe the subject I will deal with during the press conference will come as a great surprise to the majority of Alabamians," Martin declared.

The Seventh District Congressman said he is inviting representatives from both Alabama and national news media.

The press conference will be held at 9 A.M. at the Whitley Hotel.

Representative Martin declined to discuss details, but indicated that certain documents will be introduced during the meeting with the press.

News representatives will be invited to an special press briefing, September 18, which will precede the press conference.

Baptist Church

To Sponsor

Movie Sunday

The films, "Man In The 5th Dimension," and "Copenhagen Story," will be presented this Sunday evening at the Elba First Baptist Church.

They said it was a "must see" when visiting the New York World's Fair, and over a million saw "Man In The 5th Dimension" at the Billy Graham Pavilion.

With Evangelist Billy Graham, you will embark on a breath-taking journey through the four dimensional world of space and time into the realm of the fifth dimension, the dimension of the spirit. It will be an unforgettable experience, during which many have encountered the living Christ and joined the ending procession of those who, in every generation and culture, have discovered the real meaning and purpose of life.

A second feature, "Copenhagen," the story of a city touched by the power of God, will also be shown.

It will be a memorable experience for you as you see "Man In The 5th Dimension" and "Copenhagen" at the Elba First Baptist Church on September 18 at 7:30 P.M.

To protect the quality of eggs, farmers should use caution when crop dusting around poultry houses. Sevin and malathion are recommended.

Investigating officers were the Elba Police Department, Coffee County Sheriff H. D. Tilman and State Investigator Masters of Dothan. No arrest has been made at press time.

City Council Talks

Of Trailer Problem

The Elba City Council held its regular meeting Monday night and discussed several important items of business. All members of the Council were present for the meeting.

An increasing number of complaints have been received by the mayor and members of the council from citizens who are unhappy with the increasing number of house trailers that are being parked in places not for other purposes.

A proposal was discussed with a local citizen, who owns some property suitable for a trailer park as to where he would develop facilities for residents who desire a place to park their mobile homes. This item of business was tabled until Monday night, September 20th, to allow the mayor and council to investigate the problem in its entirety.

The city fathers adopted a resolution making it possible for them to eventually receive approximately \$10,000 by-product of a law suit against the Southeast Alabama Gas District by the city of Dothan. This payment is made on a voluntary basis by the Gas District, and Elba will continue to share the profits of the gas company in the years to come.

Mayor Mullins presented a letter he received from the State Water Improvement Commission plainly stating that if some action was not taken soon on improving the sewage situation in Elba that the Commission would be forced to take action against Elba. The letter also stated that there was a possibility that the \$50,000 grant from the Health Department would be revoked if not used soon.

Mullins and City Attorney Guth Lindsey planned to go to Montgomery and seek a solution to this problem. It is estimated that the cost for a adequate sewage system in Elba would be about \$750,000. A request to the Federal Housing Authority for a fifty percent grant and a loan for the balance has been submitted but no answer has been received from them.

The Council will meet next Monday in special session.

The thoughtfulness of our friends and their expressions of concern and sympathy were a great comfort in the loss of our son, Jimmy Marsh. Thanks for everything, the beautiful flowers, cards, visits, prayers, etc. May heaven's reward be yours.

Chamber Of

Commerce To

Meet Tuesday

The Elba Chamber of Commerce will hold its regular monthly meeting at 7:00, Tuesday night, in Paul's Cafe, according to President Charles Ellis.

Both Elba and Brantley recorded eight first downs.

Johnny Martin averaged 59.6 yards on 6 punts to give encouragement to Tiger fans that Elba is not lacking in kicking ability. Martin caught four

passes during the game.

The Elba Tigers gained 211 yards rushing and 47 in the air. Elba was penalized 12 times for a total of 120 yards during the game.

Ricky Parker ran twelve times for 42 yards and Jerome Ward ran 11 times for 68 yards. Leading in tackles was John Lawless who is credited with 6 tackles.

In the "P" game played Monday night in Enterprise the Enterprise Wildcats defeated the Tiger "P" team by a score of 12-0. Coach Hart stated that this was no true indication of their ability since the boys had scrimmaged together only three times.

Elba Mayor, L. P. Mullins, working in full cooperation of each member of the City Council, recently secured a grant from the State of Alabama under a recently passed industrial development bill to improve city-owned property and to make it suitable for new business.

The grant was then turned over to the State Highway Department to cover the cost of clearing and filling the blighted area located next to the Jaycee Little League ball park.

An announcement will be made later concerning the nature of the business to occupy the property.

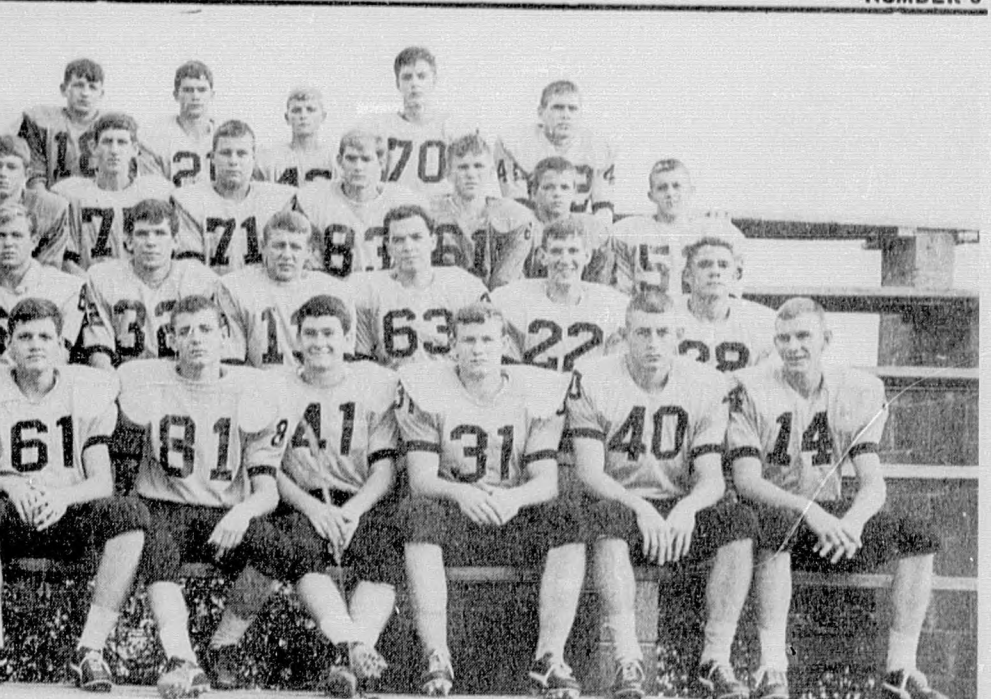

A blank form for use as an amended return is printed on the back of the bill which the Internal Revenue Service sends individuals for an installment of estimated tax. Mr. O'Donnell, Jr., District Director of Internal Revenue for Alabama, said, Form 1040-ES (A) said that taxpayers whose anticipated income during 1966 has changed may be

required to file an amended declaration of estimated tax.

Elba residents are again reminded that the Red Cross Bloodmobile will return to Elba on September 19 under the sponsorship of the Elba Jaycees. The Bloodmobile will be set up in the Recreation Building of the Elba Methodist Church from 9 A.M. until 5 P.M. Chairman of the Bloodmobile Committee for the Jaycees is Jimmy Peacock.

The quota for Elba has been increased to 175 for September, but this is offset by the Bloodmobile scheduling only two visits a year to Elba, instead of the usual three, as has been the practice in the past.

A good feeling is derived from giving blood when you are well. You are helping someone live that will later be well if you should need several pints of blood to survive.

ELBA TIGERS FOR 1966 are from left to right bottom row: John Martin, Ronny Nicholson, Eddy Bryan, Steve Bragg, John Lawless, Glenn Bedsole, Larry Grantham, David Stokes, Jerome Ward, Larry Parker, Second Row: Mike Williams, Lee Russell, Lee Boyd, Mike Williams, Tommy Dewberry, Joe Free, Ronnie Nunn, Frank Prescott, Jimmy Hart, Lonnie Jones, Joel Martin, David Inman. Third Row: George Farris, Keith Baker,

Al Davis, Daniel Stephens, John Sharpless, Freddie Moore, Frank Clark, Steve Stucky, Leavy Boutwell, Don Bowers, Phil English, David Stinson, Myron Thomas. Fourth Row: Tony Malazir, Donnie Phillips, Thomas Dorrough, Bruce Paul, Jimmy Skinner, Buddy Foreman, Tommy Stucky, Jerry Hanchey, Roy Miller, Maxine Cox, Robert Bowden, Not Pictured: Dean Smith, Leslie Rowell, Dan Taylor, Eddy Pope and Clark Bragg.

Both Elba and Brantley recorded eight first downs.
